Book Summary

In the ancient continent of Varenthia, the skies crackle with black lightning as dormant magic stirs beneath the surface. The Dominion rules with iron faith, suppressing any whisper of sorcery. But change is coming.

Kael, a warrior born with a cursed mark, is hunted for powers he doesn't understand. After fleeing a massacre, he joins a resistance movement made up of rebels, exiled mages, and assassins with secrets of their own. As he uncovers his connection to a forgotten prophecy, he must decide whether to embrace his destiny—or let the world burn.

With rich world-building, high-stakes battles, and morally grey characters, *Onyx Storm* is a tale of power, sacrifice, and rebellion.
